

# LEO Academy Trust

## Maths Week London 2024

**What:** A celebration of maths across our trust

**When:** Monday 24th June- Friday 28th June 2024

**Cross curricular link:** Geography (maps)

Welcome to Maths Week London at Leo Academy Trust! Join us as we celebrate the fusion of mathematics and geography, exploring how map skills shape our understanding of the world. From calculating distances, working out coordinates of important places, finding our school on a map to plotting your route home, Maths Week London promises an engaging exploration of the everyday applications of mathematics in geography. Let's dive into the fascinating world where maths meets maps!

### Competition time!

For all teachers to share with their class- want the chance to win a £20 amazon voucher? Design your own map with coordinates and a key- the more imaginative the better! [Click here](#) for all of the information and [templates](#) to draw your map on.

Teachers to email the competition entries to their maths leader.

Year group	Activity
EYFS	Immerse yourselves in the world of maps, directions and locations! Practice using positional vocabulary and explore different maps- even making some maps of your own! <a href="#">Slides</a> <a href="#">Teacher resource</a>
Year 1 and 2	Learn essential map skills, such as reading a map, finding a location and reading coordinates. <a href="#">Slides</a> <a href="#">Resources</a>
Year 3 and 4	Can you give and follow directions to deliver a pizza to the correct location? Have a go at plotting coordinates to make different shapes, explore a map of your local area and plot familiar landmarks. <a href="#">Game</a> <a href="#">Slides</a>
Year 5 and 6	Maps can be drawn with different scale ratios. Can you use satellite imaging and maps of different scales to find out geographical information about a place? <a href="#">Slides</a> <a href="#">Resources</a> <a href="#">Quiz</a>

Please take lots of photos of this week to share and tweet @LEO\_maths @MathsWeekLDN  
Thank you to all of the LEO Maths leaders for contributing towards these resources.
